

Travellers' Advisory

August 1, 2008

Waiparous Valley Road reopens to public travel

As a result of combined efforts by Alberta Sustainable Resource Development, Alberta Transportation and numerous volunteers, the Waiparous Valley Road is open again for public travel. Drivers are advised to use caution, particularly in bad weather, as some sections still require improvements and may be slippery.

Visitors to the area are reminded that travel by off-highway vehicle travel is not permitted on Waiparous Valley Road. Off-highway vehicles can be operated in the designated area west of Intersection 123. Restrictions on off-highway vehicles will be strictly enforced.

Those travelling to the Ghost Waiparous Recreation area are also advised that a No Camping/No Open Fire Zone has been created between the bridge on Hidden Creek and Intersection 123 and to obey all signs in the area.

Waiparous Valley Road is located west of Calgary. It was closed from the Mockingbird Lookout Road intersection in the North Ghost Recreation Area due to washed out sections between Camp Howard and Camp Chamisol.

For detailed information on OHV Designated Trails, No Camping/No Open Fire Zones and further regulations in the Ghost Forest Land Use Zone, see:
